

### Day one

Arrival in the afternoon hours. After check-in everyone can spend some time on the beach of the hotel or the panoramic terrace/bar with a drink. The group leaves to Balatoncsicsó at 5 pm by bus transfer, dinner is accompanied by tasting of local wines in a winery with a picturesque view of Lake Balaton.

### Day two

Breakfast buffet is from 8 am in the restaurant of the hotel with additional seating on the terrace.

From 10 am participants can choose from the following parallel running programmes based on their interests and mood:

1. Our two hour long geocaching hike presents the breathtaking scenery of the Tihany Peninsula in a memorable way. 8-10 person teams are formed, the trip starts with a short bicycle ride to the less-known side of the peninsula. Here the following coordinates of the route are given by small riddles, tasks and hidden caches (one of our guides accompanies each group).

2. For those who prefer water sports paddle boats, SUP boards, kayaks and small sailboats are available on the beach of our hotel, so they can discover the unique opportunities offered by Central Europe's biggest lake.

3. Participants who only want to sit back, rest and relax our grass covered private beach is the perfect choice to swim and sun-bathe.

For lunch the group has two options to choose from:

1. A short 10 minute walk takes participants to a perfect location overlooking the rolling hills and the scenery of Tihany Peninsula, where tasty delicacies are served in an open-air picnic on blankets (sausages, cheese, baguettes, fresh vegetables, wine, etc.) – a truly communal dining experience

2. Two course lunch in the restaurant of the hotel (this is the only option in case of bad weather)

Lunch is followed by an unforgettable sailing session: participants board our 8 person yachts in the marina of the hotel and can marvel at the Tihany Abbey and the rolling landscape of the Balaton Uplands. If weather permits swimming is also possible in the middle of the lake after dropping anchor. Local wine and water is available aboard.

After the 3 hours sailing dinner will be waiting on our private island: grilled meat and vegetables accompanied by cold alcoholic and non-alcoholic drinks. The sunset will give a beautiful background to the open-air dinner, this will be followed by a karaoke party in the conference room.

### Day three

Breakfast buffet is from 8 am in the restaurant of the hotel with additional seating on the terrace.

From 10 am participants will have two options to choose from based on their energy level:

1. With our tour guide it is about a one hour hike to the village of Tihany, on route we visit the centuries old Monks' residencies and a panoramic viewpoint.

2. Those who feel less energetic can take the Dotto road train on a similarly spectacular route up to the village of Tihany.

The two groups meet in front of the Abbey of Tihany and before everyone takes the Dotto back to the hotel there will be time left for walking around the village, buy souvenirs, etc.

If any of the above programme elements have to be cancelled because of poor weather we can organise a pub quiz (a fun team competition with brain teasers) or a board game session (with modern cooperative and skills development games).
